

THE HOLLOW TREES

Duo configuration

Stage Plot

Notes: When appearing as a duo it's pretty simple: Guitar and Bass, both with vocals. We stand pretty close to each other, with a small prop table in between.

We would like to have two extra mic's available because we're going to try to get a couple people to sit in.

We like the mix pretty dry, but otherwise we'll leave it up to the soundman. Laura's vocal mic should be louder than Greg's.
